While she has incredible sword skills, she doesn't use a sword. Instead, she wields a red weapon, similar to a red blade except it doesn't have a thin edge. From this powerful weapon, she can attack and, in some cases, shatter any substance. "Tatsushi Hekku" is the main protagonist and antagonist of this game. He is a "young master" who has come to the Land of Retribution to learn more. His "Seven Southern Axes" skills allow him to attack using simple attacks as well as through heavy combos. He has the potential to move quickly and limit the range of your attacks. You can face him off without struggling. You are a "new rookie", a "yellow" who is just now able to join the battle. Having not yet mastered any skills, you must defeat "Tatsushi Hekku" and "Aqua Shaman". You must defeat them in an order that, at the minimum, allows you to take on "Iron Sword" one on one. An Elden Ring?? What's an Elden Ring?! The Elden Ring is a mystical artifact that was left to the world. The very presence of the Elden Ring can cause people to lose themselves and become so obsessed with it that they wander the world like madmen. No matter where you go, if you come across someone who has caught the Elden Ring's lure, you will begin to experience the ultimate phenomenon! Each individual who comes across it is called a "Tarnished" and then the phenomenon begins. If you are a Tarnished, the presence of the Elden Ring will follow you. The game will start with you being a Tarnished. You are a player's character who has lost her memories and senses. During the journey, you will receive vast amounts of data through your own voice and the voices of others, as well as the data from equipment and other things. It has become impossible to keep track of the colossal number of voices coming in. It doesn't matter if it's coming from the same person or separate people. All voices come together, and in the end they form a melody. The melody is called the Tarnished Rune. With a designated Tarnished Rune, an Elden Lord will appear. By following that Rune, you will be able to find an Elder, a person who can put aside their own memories and focus on the Rune. They are the key to keeping your memories and senses. As a Tarnished, you will begin the game at a crucial moment of decision in the world of Elden. Without the aid of an Elder, you will be left completely helpless. There is no way to find out who you are or who others are! All of those voices that now come together and form the Tarnished Rune are all that you have! The game puts you in the role of a wandering Tarnished. Many people who find you are Tarnished will ask if you have experienced the effect of the Elden Ring. Would you be willing to find an Elder? What kind of Tarnished Rune will you follow? What kind of Elden Lord will find you? All of this and more will be revealed to you in the game. The game will be played using the action RPG game system, Unreal Engine 4, and Unreal Engine 4's built-in sub-optimal movement, which you can freely manipulate in order to enjoy using your own action adventure

OF WAR I'm sure you all love deathclaws. About the game Fight against players in
one of five different "Houses" and battle against over 50 different bosses. However,
I was impressed by the fact that, and this I think it's something really good, that all
the positions in the castles are actually available without buying anything. You only
need to visit "Your Purity Stone" (e.g. normal stone) and "The Temple of Rumors",
also named "The Mistral", to get them. You don't even need to buy them. You get
your point, but you don't have to buy them. The quest is like the following: "Find
the hidden family treasure of House Seat. I seek you. Signed: ----" "----" "Quest:
Unlock something to earn from House Seat. I seek you. .. "Quest: Unlock the Purity
Stone of
