against Amazon, according to a report from The New York Times. The hackers tried to deploy malware on the servers of companies including U.S. Senate, the NRA and the General Electric, according to the Times. The FBI is investigating the attacks. Tags: In a blog post, Google accused the NSA of using its search giant's infrastructure to scoop up traffic, traffic that can identify users' locations as well as their devices and the apps they are using on them. Tags:

Facebook was first to post the introduction video of the upcoming Facebook Platform 5.0 and the Facebook Analytics 5.0 SDK, introduced at the D11 conference in San Francisco. The SDK allows developers to track app usage in real time and to target apps to specific audiences. This way, Facebook will be able to offer targeted ads to users.Q: Q: How do I use vue's props in a service, because I can't access the props in the service? I'm using vue.js, and I would like to make

a function that returns an object based on the field that user f988f36e3a
