

Deep Freeze 7.51 Torrent Download

This is the Deep Freeze 7.51 (Standard Edition), it is a great tool that you can use to completely lock down your Windows XP PC. When you lock your computer using Deep Freeze it will not allow you to turn off or log in to your Windows XP PC without the correct PIN or Password. With this tool you will need to use a valid Username and Password that you will be able to retrieve when needed. And if you need to access your computer you must open the Windows firewall and manually reenable it.

Deep Freeze Features: Deep Freeze comes with a wide range of features that make it a truly unique tool. Deep Freeze provides many tools to remotely reboot, lock, lock, suspend, and power off computers. It also includes tools that can remotely enable user accounts.
